

Skinflick (Dave Brandstetter)

After forty years, Hammett has a worthy successor The Times Dave Brandstetter stands alongside Philip Marlowe, Sam Spade and Lew Archer as one of the best fictional PIs in the business. Like them, he was tough, determined, and ruthless when the case demanded it. Unlike them, he was gay. Joseph Hansen's groundbreaking novels follow Brandstetter as he investigates cases in which motives are murky, passions run high, and nothing is ever as simple as it looks. Set in 1970s and 80s California, the series is a fascinating portrait of a time and a place, with mysteries to match Chandler and MacDonald. Gerald Dawson was an angry man, a fundamentalist who wanted to rid the world of everything he feared and hated. So when he is found murdered, there are plenty of suspects: most obviously the owner of the pornshop he had repeatedly attacked. But Dave knows something doesn't add up, and as he travels from church to X-rated film set, from teenage prostitutes to upstanding preachers, he finds the trail leading somewhere altogether unexpected.
