

Star Wars (1998-2002) #1

Ki-Adi-Mundi is a Jedi Knight of formidable power and influence, but not on his own homeworld of Cerea. Most of the planets citizens are happy to continue their low-tech lives of simplicity, isolated from the Republic, but a new generation of Cereans craves speeder bikes and starships, and are prepared to fight their elders for them! How can a Jedi take up arms against his own children?
