

## Out of the Basement

Bob Chambers has been cartooning all of his life from a start in the third grade. Along the way his work has appeared in Air Force base newspapers around the world beginning with his years in Vietnam, and drawing for the Air Force News Service in 1966. Since then he has appeared in Saturday Evening Post, Private Pilot, Air and Space, Pacific Stars and Stripes, Aero, Wings West, Sport Flying (England). He is currently in his 27th year with Kitplanes Magazine. This book is a compilation of his cartoons that readers of Kitplanes eagerly look forward to each month. Bobs insights into the fears, foibles, and unexpected joys experienced by builders of kit planes are ingeniously revealed in these hilarious cartoons. Every guy who ever built an airplane in his garage, and every wife who stood by him throughout the process will find their own story in at least one of Bobs clever illustrations.
