

# Show Me How to Read That Map!: Survival Guide for African-American Single Parents

Don't choose to be a willing victim of African-American history. Get off the porch. Turn off the Soaps. Resign from membership of the victims club. A better life begins with your willingness to make changes in your attitude and your everyday actions. We stand on the shoulders of Giants! Stand up and be counted among the winners of our heritage. Your children are depending on you.
