

## The Tormenting of Lafayette Jackson

A sparkling story of literary skullduggery, set amidst the ancient spires and verdant quads of Oxford. Two high-spirited American students watch as an obsessive colleague pursues a lethal vendetta against a visiting American Professor of History. A crackling adventure -- part comic romp, part novel of manners, and completely enchanting. Rosenheim weaves the strands of the narrative together with a skill that makes it seem effortless ... a voice like that seems capable of great comic invention -- something approximating the savagery of Evelyn Waugh, the inspired silliness of P.G. Wodehouse -- The New York Times Book Review Old themes are turned into newly minted pleasures in this Waugh-like and expertly done first novel .... A kind of American-eye Lucky Jim with two dashes of Brideshead, mixed under the spirit of the American expatriates: pleasure from start to finish. Kirkus Reviews
