

Surfing the Gnarl (Outspoken Authors Book 7)

Combining both the fiction and nonfiction of one of the most unique contemporary science fiction writers, this collection offers a rare look into Rudy Rucker's mind as an author and mathematician. Featuring an in-depth interview with Rucker about his ideas, politics, and how his career as a mathematician and scientist overlap with that of a bestselling author, this exclusive compilation is a must-have for any science fiction enthusiast. Infiltrating fundamentalist Virginia to witness the clash between religious fanatics and drug-addled and sex-crazed youth, this collection is a one-of-a-kind examination of reality according to Rudy Rucker.
