

Maria and the Admiral

A sweeping historical drama, based on the true and enduring love of Thomas Cochrane and Maria Graham. Chile, June 1822. Maria Graham, a young British widow, watches as her compatriot Admiral Lord Cochrane sails triumphantly into the Valparaiso Bay, fresh from leading the Chilean fleet to victory over the countrys Spanish rulers. Cochrane, a popular yet outspoken hero of the Napoleonic wars, is drawn to Maria, a woman whose intelligence and spirit of adventure rival his own. Yet their intense and extraordinary relationship must contend with a climate of uncertainty, political turmoil and civil war. Inspired by Maria Grahams own journals, **MARIA AND THE ADMIRAL** vividly brings to life the story of one woman who tested the limits of society, and of her enduring love for one of the most colourful figures of her age.
