

Authority, The: Human on the Inside (Authority (Graphic Novels))

From acclaimed novelist and screenwriter John Ridley (Three Kings, Everybody Smokes in Hell) and hot new artist Ben Oliver (Puncture) comes the WildStorm event of the year! The Authority, Earth's last defense, have performed godlike acts in defense of the planet, whether defeating ancient gods or fending off interdimensional invasion forces. But these brave acts haven't always endeared them to many in power... particularly in the United States. The President, tired of being embarrassed by what he views as a bunch of costumed freaks, sets a plan in motion that could very well destroy the Authority from the inside a plan so cunning it'll shake the Authority to their very core. With an unexpected threat from the future on Earth's doorstep, it could very well mean global extinction!
