

The Butterfly Cabinet: A Novel

Now in paperback An emotionally bracing, refreshingly intelligent, and ultimately heartbreaking story (Kirkus Reviews) of two women linked by a tragic, decades-old secret. When former nanny Maddie McGlade receives a letter from the last of her charges, she realizes the time has come to unburden herself of a secret she has kept for more than seventy years: the truth behind the death of Charlotte Ormond, the four-year-old daughter of the wealthy household where Maddie was employed as a young woman. Based on chilling events that actually took place in the north of Ireland in 1892, *The Butterfly Cabinet* is a sterling example of dark, emotionally complex fiction.
