

The Complete Dracula #4 (of 5)

Welcome to issue four of the complete Dracula, last issue we saw Lucy eat most of London, without anyone being much the wiser, and we saw Dracula roaming about menacingly too. This issue, the characters get in on the action, and realize some of the things that have been going on. The star of this issue is Mina though, she's kind of the star of the whole series, but this issue she proves totally indispensable. Thank goodness the other characters know that and keep her safe... oh... wait...
