

# The Last Freedom: A Novel on the Real-Life Adventure of Dr. Viktor Frankl

Roger Murphy had it all. A great Marina District apartment, the best dog in the world and the most reviled newspaper column in San Francisco. But as the very ground began to shake beneath him, he was at risk of losing it all—and found himself in a fight for his very life. Just as he stood at the precipice, Viktor Frankl entered his life and changed everything. The Holocaust survivor and author of *Man's Search for Meaning* would share his harrowing experience in the Nazi death camps, his triumphant rise from the ashes—and the message that could deliver Roger from his own dilemma: Frankl's secret the last of the human freedoms.
