

# The Fusion Family: How to Succeed with Your Blended Family

In a time when divorce rates are higher than ever before—especially in blended families—The Fusion Family offers welcome guidance, practical advice, and easy-to-apply solutions and tools for families in transition. Charlotte Egemar Kaaber is a certified life and business coach, as well as a fusion mother. Relying on her professional and personal experiences as well as interviews with other blended families, she provides a comprehensive handbook aimed at helping families build the kind of strong foundation that enables everyone to stay united, even during the family's most challenging times. Kaaber shares thought-provoking inspiration and ways to succeed for a wide range of applicable issues, including communicating with an ex-spouse; disciplining children in a blended family; establishing new traditions and memories; dealing with jealousy among the children and parents; being present and creating security. The practical advice, tips, and tools included in The Fusion Family will help any newly-blended family understand and overcome challenges to create a new future together.
