

## THE HONEYMOON

A sitting-room in the only hotel at a small seaside resort in Essex. Old-fashioned Victorian furniture, producing a picturesque general effect. Some modern touch, such as a framed coloured advertisement of pneumatic tyres. Door, R., leading to hall, principal entrance, and kitchen. Door, L., leading through a porch to the garden. A large window, divided into three portions by stonework, at the back: the panes are small; one of these portions is open, the others are closed. Through the window can be seen a view of the garden, and the sea in the distance. The fireplace is not seen. Cedric and Flora are seated at either side of a tea-table. Time: Afternoon in June. Sunshine.
