

The Parables of Peanuts

First published in 1968, this contemporary case for vigorous Christian faith -- profusely illustrated by Charles Schulz's delightful peanuts cartoon strips -- sheds more light on the Christian faith and how it is to be lived than many more serious theological works, with hundreds of cartoons featuring your favorite peanuts characters Charlie Brown, Lucy, Linus, And of course, Snoopy (including the earliest red baron strips). This book's wise observations are as timeless as they are timely. Short ...succeeds in making theology enjoyable. --Christian Century ... a real delight from beginning to end. I could not possibly be more pleased. --Charles Schulz, creator of Peanuts
