

# The Runes of the Earth: The Last Chronicles of Thomas Covenant: The Last Chronicles of Thomas Covenant

More than twenty years ago, Stephen R. Donaldson set a literary landmark with the first fantasy bestseller. His New York Times bestselling series, The Chronicles of Thomas Covenant, transformed modern fantasy. Now, at long last, Donaldson introduces the first novel of the much-awaited, four-volume finale to the series that sold more than ten million copies. Thomas Covenant lost everything. Abandoned by his wife and child, sick and alone, he was transported while unconscious to a magical, dreamlike world called the Land. Convinced it was all a delusion, Covenant was christened The Unbeliever by the Land's inhabitants-but gave his life to save this newfound world he came to regard as precious. Ten years after Covenant's death, Linden Avery still mourns for her beloved companion. But a violent confrontation with Covenant's son-who is doing the evil Lord Foul's bidding-forces her back to the Land, where a dark malevolence is about to unmake the laws of nature-and of life and death itself.
