

Light List, 2014, V. 3, Atlantic and Gulf Coasts, Little River, South Carolina to Econfina River, Florida (Includes Puerto Rico and the United States Virgin Islands)

The U.S. Coast Guard (USCG) Light List is published in seven volumes and contains lists of lights and other aids to navigation that are maintained by or under the authority of the U.S. Coast Guard and located in the waters surrounding the United States and its Territories. Each volume corresponds to a different regional area and contains more complete information on each aid to navigation than can be conveniently shown on charts. This publication and the data contained within it are maintained and published by the USCG. Members of the United States Coast Guard along with commercial cruise lines, commercial freight forwarders that use the oceans to move materials, as well as consumers with recreational boats that use the United States waters for recreational activities may find this series of Light Lists a helpful tool with navigation.
