

The Whole Truth

Matt, I need a war. So begins David Baldacci's new book - a thriller unlike any he's written before. Matt is Mathew Pender, of Pender Associates - a shadowy organization that specializes in managing seemingly impossible situations for its clients. Sometimes, those services extend to managing - and creating - armed conflict. When Matt Pender is asked by his client - the largest defense contractor in the world - to manipulate two nations against each other, a shocking and surprising series of events is set in motion that will possibly bring the world to the brink of World War III. In this epic thriller with a global backdrop, David Baldacci delivers all the twists and turns, compelling characters, and cant-put-it-down pacing that listeners have come to expect from this master storyteller.
