

Top Ski Resorts of the World

A showcase of 40 of the worlds most outstanding skiing areas on four continents. From the lively apres-ski in the fairytale setting of southern Germanys charming Garmisch-Partenkirchen to the demanding black diamond runs of Whistler in British Columbia, the high-tech wonder of the worlds largest snow-making system at Lake Tahoe, USA to the sukii-jou (small ski areas) of Japans Nagano Prefecture, this collection explores the very best in skiing experiences available. Whether you are a daredevil heliskier, yearning for superb scenery and solitary carving in perfect powder conditions, or have an appetite for apres-ski, this book should provide the inspiration. The author infuses his narrative with a personal note and anecdotal detail. The Ski Club of Great Britain has supplied fact boxes for each resort: accessibility, height, number and level of pistes, and number of lifts.
