

## Rosewoods Ashes: A Tory Travers/David Alvarez Mystery (Tory Travers/David Alvarez Mysteries)

On New Years Day, 1923, Rosewood, Florida had its own school, a baseball field, a Masonic Hall, a train station, and three churches. In less than one week it was burned to the ground. Inspired by the true story of one towns destruction at the hands of hate and intolerance, ROSEWOODS ASHES is a driven mystery, as well as unique perspective on historical injustice. Returning to Florida to visit her coma-stricken father, Tory Travers prepares herself for the demons of her past, the sordid reputation shed suffered as a senators daughter. Accompanying her for moral support is David Alvarez--devoted friend, infrequent lover, and detective with the El Paso Police Department. But before the pair have a chance to confront Torys troubled past, they are confronted with a more immediate tragedy in the vehicular manslaughter of a young woman they just met on the plane. A young woman who had told them about Rosewood and of the senators involvement in research concerning the events that led to the towns destruction. Soon, another corpse turns up, a man well known to Tory, and Alvarez takes a personal interest in unearthing the truth about Rosewood, before Tory herself becomes a suspect--or a victim.
