

## All This Will Be Yours

Whatever you have, you pass it down, father to son, son to daughter. Everything is an inheritance. You pass it down like wisdom or the colour of your eyes. . This is Stuart Duttings belief as he steps down from the family business. Rachel, his bright, hard-working daughter hungry for opportunity is his anointed successor. Oscar, Stuarts stepson a dreadlocked New Age nomad has less exalted prospects. But when Rachels ambition threatens to unravel the family enterprise and spectres emerge from Oscars background, the Dutting family does what all families do at times of crisis. Stop speaking to each other.

Phil Hogans third novel, All This Will Be Yours, is a compelling story of strained loyalties, of thwarted expectation and sibling rivalry. Praise for All This Will Be Yours A sensitive, honest account of a family as tightly knit as the carpets they sell. Observer A moving tale of trust and understanding Theres also an acute observational streak running throughout the text, lending freshness to its everyday settings and making All This Will Be Yours almost a tactile pleasure to read. In a word: a treat. Irish Examiner Hogan resembles John Updike or Richard Yates, figures from that classical seam of American fiction so rich in detail, domesticity and murderous compromise.
