

Puppet Play: 20 Puppet Projects Made with Recycled Mittens, Towels, Socks, and More

Features 20 puppets parents and kids can make together out of recycled mittens, Towels, socks, and household linens. The author's previous book of puppets sold more than 100,000 copies. Have fun and go green with Diana Schoenbrun's *Puppet Play: 20 Puppet Projects Made with Recycled Mittens, Towels, Socks, and More*. A puppet builder, an illustrator, and an author, Schoenbrun presents 20 puppet projects made with recycled materials easily found around the house. A lonely sock becomes a wizard puppet. A glove without a mate turns into five little pig puppets. And that tired dishtowel transforms into a lively banjo player puppet—all at very little cost. Diana Schoenbrun's easy-to-follow directions are accompanied by how-to illustrations. Also included are full-color photographs of puppets, as well as a chapter that guides children through creating and presenting their own puppet show. So, the next time the dryer eats a single sock, get crafty, go green, and go play with *Puppet Play*.
