

Watches International Volume 4

Watches International IV unravels the exciting history of the modern luxury wristwatch from the vantage points of over fifty brands. This volume of Watches International differs from its predecessors in that it focuses more intently on the watch movements themselves--the undeniable strength behind the beauty of watches from A. Lange & Sohne, Audemars Piguet, Cartier, TAG Heuer, Zenith, and more. Exquisitely jeweled timepieces from luxury houses such as Charles Oudin, Chopard, and de Grisogono return to Watches International to show off their sensational new creations, as do the mysterious Quinting, trend-setting Hublot, and classic Boucheron and Concord brands, while Tiffany & Co. joins the newcomers. Watches International IV includes a technical glossary and is revered as an exceptional resource for collectors and retailers alike.
