

Crank

This is a story about a monster. Not a dragon or a mythological beast, but a very real, very destructive monster--crystal meth--that takes hold of seventeen-year-old Kristina Snow and transforms her into her reckless alter-ego Bree. Based on her own daughters addiction to crystal meth, Ellen Hopkins novel-in-verse is a vivid, transfixing look into teenage drug use. Told in Kristinas voice, it provides a realistic portrayal of the tortured logic of an addict.
