

## Wieland: or, The Transformation: An American Tale and Other Stories (Modern Library Classics)

Called a remarkable story by John Greenleaf Whittier and described by John Keats as very powerful, *Wieland*, Charles Brockden Brown's disturbing 1798 tale of terror, is a masterpiece involving spontaneous combustion, disembodied voices, religious mania, and a gruesome murder based on a real-life incident. This Modern Library Paperback Classic includes *Wieland*'s fragmentary sequel, *Memoirs of Carwin the Biloquist*, as well as several other important but hard-to-find Brockden Brown short stories, including *Thessalonica*, *Walsteins School of History*, and *Death of Cicero*. This collection also reproduces the newspaper account of the murder that inspired *Wieland*.
