

## Baby Steps

17 year old Collin Reaser finds a baby on his porch. The note attached informs Collin that he is the child's father. With a list of recent conquests, Collin must face the fact that he has been careless. But digging around for clues is troubling for two reasons. He says I love you without ever really meaning it. The mother of his child is not in a good place and she plans on taking Collin down with her. With the help of his parents and their tough love tactics Collin soon comes to a crossroads. He can either dig in his heels and try to be a good father or face life as a teenage gigolo.
