

## Zack: The Art

The name of Zack rings loud throughout the gay world as one of the foremost creators of erotic imagery. Under his given name Oliver Frey he has had an impressive career as an illustrator - but his pseudonym Zack stands for a marvelous cosmos of its own: sexy boys and hunky men, love, lust and total abandon. Its not often that you find an artist who has such an incredible sense for both stirring storytelling and accurate anatomy. Zack - The Art gives you a comprehensive overview of the hitherto existing lifework of an icon of gay art.
